

## **Rita Feinberg Fellowship Pediatric Medical Education – Siem Reap, Cambodia**

**Goals:** The volunteer will work primarily with the Director of Education, Mr. Duong Vibol and the Director of Medical Education, Dr. Chuop Bophal, on updating and improving various medical education programs at Angkor Hospital for Children (AHC). The volunteer will provide both professional mentorship to Mr. Vibol and Dr. Bophal as well as technical guidance on the development of their educational programs. The specific goals of this fellowship include:

1. Review and critically assess the pediatric residency program, providing consultation on how to improve the program;
2. Provide some didactic teaching to pediatric residents in accordance with their curriculum;
3. Consult on the development of a written assessment tool for the pediatric fellowship program;
4. Consult with Mr. Vibol and Dr. Bophal, along with sub-specialist volunteers, on the development and/or refinement of ten subspecialty programs offered at AHC;
5. Consult on the development of assessment tools for sub-specialty programs

**AHC Background:** HVO currently has five projects at AHC, which rely on short-term volunteers: anesthesia, hematology, nursing, pediatrics (sub-specialty training), and wound management. This volunteer fellowship is designed work with AHC more broadly on the improvement of their medical education programs. AHC's residency program is 3 years long, with 12 residents scheduled to graduate in May 2019 and 8 in 2020. The general pediatrics fellowship is one year long with 4 currently enrolled and 6 scheduled to start in 2020.

**Volunteer Requirements:** The volunteer must be a licensed pediatrician with at least 5-10 years' experience. Experience in developing and/or managing pediatric residency programs and curriculum design is necessary.

**Length and Preferred Dates:** 6 month placement, to be scheduled as soon as possible.

For more information, contact April Pinner ([a.pinner@hvousa.org](mailto:a.pinner@hvousa.org))

---

**Fellowship Background:** Health Volunteers Overseas (HVO) is a registered non-for-profit organization committed to improving the availability and quality of health care in resource-scarce settings through the education, training and professional development of the health workforce. The core of HVO's model and activities rely on the utilization of short-term volunteers. However, HVO recognizes there are unique and critical needs at many of our partner institutions which are most effectively and sustainably addressed through the placement of a long-term volunteer. The Rita Feinberg Fellowship has been established to enable HVO to better meet these needs of our partner institutions and provide financial support to volunteers willing to commit to assignments of 3-6 months in length.

The fellowship will cover the volunteer's airfare and housing costs as well as any assignment related costs such as visa, medical/nursing council registration, etc. In addition, the volunteer will receive a modest stipend to cover food, transportation and other incidental costs while on assignment (variable based on location).
